STEVEN SPIELBERG IN EAST HAMPTON
NEW DESIGNS IN IRELAND, ASPEN, BALI, VIRGINIA, ISTANBUL AND MORE!

"Steven's aesthetic is more literal than mine, which is abstract and reductive," says Gwathmey. "Working with him was provocative in the collaboration, interpretation and invention involved." **LEFT:** The stable's weathervane pays whimsical homage to Spielberg's film *Jurassic Park* and its new sequel, *The Lost World*.
